Campaign Safe & Sober

Program Planner 20 November 99-January 2000 is available from the National Highway Traffic Safety Administration (NHTSA). Two major efforts featured in this planner are "Operation ABC Mobilization" for Thanksgiving 1999 and "National Drunk & Drugged Driving (3D) Prevention Month" for December 1999. Beginning this year, Campaign Safe & Sober Program Planners became geared toward the calendar, not just specific events. Operation ABC Mobilization is the law enforcement and public education effort focusing on the high-travel time of the Thanksgiving holidays. National 3D Prevention Month kicks off a new, major year-round initiative called "You Drink & Drive. You Lose" - America's New Impaired Driving (reduction) Campaign. Need more information? Check out <http://www.SafeandSober.org>. You may order Program Planner 20 (free) by FAXING your name, organization, street address (no PO boxes), phone number and email address (if available) to: 202-493-2062

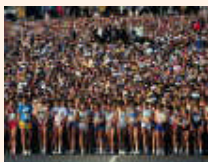

Put Prevention Into Practice CORNER

DD2766 Update: Frustrated with trying to order the DD 2766 (Adult Preventive and Chronic Care flowsheet) from DAPS in Philadelphia? Sorry. It is still NOT AVAILABLE through Navy supply channels. First we were told July, then 30 September. Maybe it will be available in late November (best scenario). Sources at BUMED describe some complicated systems snag causing the hold up of the form being stocked on the shelves. In the meantime, please continue to reproduce the form locally in reasonable quantities as you phase in PPIP at your primary care sites. Contact Klancharl@nehc.med.navy.mil if you need more information.
